SAN DIEGO COUNTY TRAFFIC ADVISORY COMMITTEE

COMMITTEE REPORT OF: September 13, 2013 **Item 2-A**

SUPERVISORIAL DISTRICT: 2

SUBJECT: Signalization

LOCATION: Dehesa Road and Sycuan Road, DEHESA (Thos. Bros. 1253-C5) Crest-Dehesa Community Planning Group

INITIATED BY: DPW Traffic Engineering

REQUEST: Review Appropriateness for Signalization

PROBLEM AS STATED BY REQUESTER:

Based on traffic signal warrant calculations recently conducted at the Dehesa Road and Sycuan Road intersection, several warrants were met during weekday and weekend conditions. We respectfully request this four-way intersection be reviewed for placement on the County's Traffic Signal Priority List.

Existing Traffic Devices

Dehesa Road, a striped two-lane roadway, varies in width from 40 feet east of the intersection to 53 feet west of the intersection. The west leg has a right-turn only lane with the appropriate advanced notification signs in place. There are left-turn pockets in place for both directions of travel. There also are intersection warning signs with street name plates in advance of the intersection. There is edge striping along both sides of the roadway. The road is posted 50 MPH/Radar Enforced. This roadway is classified as a Rural Collector on the County General Plan Mobility Element Network.

Sycuan Road, the south leg, is a striped four-lane 62 feet wide private road. There is a painted island separating both directions of travel. It is stop controlled with limit lines and pavement legends in place. The roadway is posted 35 MPH. Sycuan Road, the north leg, is a private driveway 15 feet wide.

Collision Data

There have been 13 reported collisions, 9 of which involved injury, at this intersection in the last five years (04-30-08 to 04-30-13).

Dehesa Road and Sycuan Road

SAN DIEGO COUNTY TRAFFIC ADVISORY COMMITTEE

COMMITTEE REPORT OF: September 13, 2013 **Item 2-B**

SUPERVISORIAL DISTRICT: 2

SUBJECT: Stop Control

LOCATION: Westhill Road and Golden Ridge Road, LAKESIDE
(Thos. Bros. 1231-J6) Lakeside Community Planning Group

INITIATED BY: DPW Traffic Engineering

REQUEST: Review for Installation of a Stop Control

PROBLEM AS STATED BY REQUESTER:

This intersection is presently uncontrolled. A recent field review indicates that the available sight distance for southbound motorists on Westhill Road approaching Golden Ridge Road does not meet the minimum stopping sight distance criteria and could support the establishment of a stop control.

Existing Traffic Devices

Westhill Road is a striped two-lane roadway, 20 feet wide, that descends and “tees” into Golden Ridge Road from the north. There is a double-headed arrow in place for southbound traffic. Westhill Road has no posted speed limit. This roadway is unclassified on the County General Plan Mobility Element Network.

Golden Ridge Road is a striped two-lane roadway that varies in width from 23 feet east of the intersection and 31 feet west of the intersection. There is edge-striping along both sides of the road. Golden Ridge Road is posted 25 MPH. This roadway is unclassified on the County General Plan Mobility Element Network.

Average Daily Traffic Volumes 7/13

Westhill Road:	
N/o Golden Ridge Road	140 SB
Golden Ridge Road :	
W/o Westhill Road	380 EB
E/o Westhill Road	390 WB

Collision Data

There have been three reported collisions at this intersection in the last five years (04-30-08 to 04-30-13).

Westhill Road and Golden Ridge Road

COMMITTEE REPORT OF: September 13, 2013 **Item 2-C**

SUPERVISORIAL DISTRICT: 2

SUBJECT: Radar Recertification

LOCATION: El Capitan Real Road from the north line of Robledo Real Road northerly to the south line of Broad Oaks Road (1.14 miles) BLOSSOM VALLEY (Thos. Bros. 1233-B3) Lakeside Community Planning Group

INITIATED BY: DPW Traffic Engineering

REQUEST: Radar Recertification of the Existing 45 MPH Speed Limit

PROBLEM AS STATED BY REQUESTER:

El Capitan Real Road is posted 45 MPH and is radar enforced. Preliminary review of prevailing speeds and roadway conditions support radar recertification for the existing 45 MPH speed limit.

Existing Traffic Devices

El Capitan Real Road is a striped two lane residential-in-nature roadway that measures approximately 40 feet wide. There is edge-striping along both sides of the roadway. The road is posted 45 MPH/Radar Enforced. This roadway is unclassified on the County General Plan Mobility Element Network.

COMMITTEE REPORT OF: September 13, 2013 **Item 2-F**

SUPERVISORIAL DISTRICT: 2

SUBJECT: Mid-Block Crosswalk

LOCATION: Lakeside Avenue, at a point 640 feet northwest of
Riverside Drive, LAKESIDE (Thos. Bros. 1231-J2)
Lakeside Community Planning Group

INITIATED BY: DPW Traffic Engineering

REQUEST: Establish a Mid-Block Crosswalk

PROBLEM AS STATED BY REQUESTER:

DPW-Traffic Engineering is proceeding forward with a proposal for the installation of in-pavement lights on Lakeside Avenue to benefit Lakeside Farms Elementary School. The proposed location will coincide with recent on-site improvements.

Existing Traffic Devices

Lakeside Avenue is striped two-lane roadway that measures approximately 25 feet wide in the vicinity of the proposed mid-block crosswalk. The road is posted 35 MPH with the appropriate advanced school notification signs and pavement legends. This roadway is unclassified on the County General Plan Mobility Element Network.

COMMITTEE REPORT OF: September 13, 2013 **Item 2-G**

SUPERVISORIAL DISTRICT: 2

SUBJECT: Bus Loading Zones

LOCATION: Calle Verde, north side, from a point 295 feet east of Avocado Boulevard easterly 40 feet and from a point 340 east of Avocado boulevard easterly 60 feet, EL CAJON (Thos. Bros. 1271-G5) Valle de Oro Community Planning Group

INITIATED BY: DPW Traffic Engineering

REQUEST: Delete Two Obsolete Bus Loading Zones

PROBLEM AS STATED BY REQUESTER:

Metropolitan Transit Services and County staff recently agreed to the removal of two bus loading zones no longer utilized. The two affected bus loading zones were established by the County Board of Supervisors. Therefore, we respectfully request your Committee review and concur with their removal.

A new bus loading zone, with the appropriate signage and red-curbing, has been established further to the west per staff's enabling authority.

Existing Traffic Devices

Calle Verde is striped two-lane roadway that measures approximately 68 feet wide. It has a two-way left-turn lane separating both directions of travel. The road is posted 35 MPH. This roadway is unclassified on the County General Plan Mobility Element Network.

Average Daily Traffic Volumes

10/12

Calle Verde:

SAN DIEGO COUNTY TRAFFIC ADVISORY COMMITTEE

COMMITTEE REPORT OF: September 13, 2013

Item 5-A

SUPERVISORIAL DISTRICT: 5

SUBJECT: Radar Certification

LOCATION: Alvarado Street between Vine Street and Stage Coach Lane (1.36 miles), FALLBROOK (Thos. Bros. 1027-F2) Fallbrook Community Planning Group

INITIATED BY: California Highway Patrol-Oceanside Office

REQUEST: Radar Certification for the Existing 35 MPH Speed Limit

PROBLEM AS STATED BY REQUESTER:

This section Alvarado Street is currently posted 35 MPH and is not radar certified. The result of a recent speed survey (85th percentile speed – 37.9 MPH) and the roadway's present operating conditions appear to meet the criteria for the use of radar for speed enforcement.

DATA:

Existing Traffic Devices

Alvarado Street is a striped two-lane Through Highway that varies from 29 feet to 44 feet wide. There is edge-striping along both sides of the road. The road is posted 35 MPH. This roadway is classified as a Light Collector on the County General Plan Mobility Element Network.

<u>Average Daily Traffic Volumes</u>	<u>8/13</u>	<u>8/87</u>

SAN DIEGO COUNTY TRAFFIC ADVISORY COMMITTEE

COMMITTEE REPORT OF: September 13, 2013

Item 5-C

SUPERVISORIAL DISTRICT: 5

SUBJECT: Radar Recertification

LOCATION: La Valle Plateada from the south line of Paseo Delicias southeasterly to the south line of El Montevideo (1.2 miles) RANCHO SANTA FE (Thos. Bros. 1168-E2) San Dieguito Community Planning Group

INITIATED BY: DPW Traffic Engineering

REQUEST: Radar Recertification of the Existing 35 MPH Speed Limit

PROBLEM AS STATED BY REQUESTER:

La Valle Plateada is posted 35 MPH and is radar enforced. Preliminary review of prevailing speeds and roadway conditions support radar recertification for the existing 35 MPH speed limit.

Existing Traffic Devices

La Valle Plateada is a striped two-lane residential-in-nature roadway that measures 24 feet wide. The road is posted 35 MPH/Radar Enforced. This roadway is unclassified on the County General Plan Mobility Element Network.

<u>Average Daily Traffic Volumes</u>	<u>6/13</u>	<u>3/03</u>	<u>3/99</u>

INFORMATION ITEM

1. Lynwood Drive

SAN DIEGO COUNTY TRAFFIC ADVISORY COMMITTEE

INFORMATION ITEM: September 13, 2013

SUPERVISORIAL DISTRICT: 1

SUBJECT: Parking Prohibition

LOCATION: Lynwood Drive, east side, from the Chula Vista City
Limit southerly 90 feet, BONITA (Thos. Bros. 1310-E5)
Sweetwater Community Planning Group

PROBLEM AS STATED BY REQUESTER:

The northbound lane along this section of Lynwood Drive measures 14 feet and cannot accommodate both parking and through travel. Northbound motorists have been observed crossing-over centerline in order to avoid parked vehicles. The establishment of a parking prohibition will increase traffic safety and level of comfort for all traversing this section of Lynwood Drive.

Existing Traffic Devices

Lynwood Drive is striped two-lane roadway that measures approximately 30 feet wide in the vicinity of the proposed parking prohibition. The road is unposted. This roadway is unclassified on the County General Plan Mobility Element Network.

<u>Average Daily Traffic Volumes</u>	<u>8/13</u>	<u>4/82</u>
Lynwood Drive: S/o Bonita Road	1,310*	860*

* Two-Way Count

Collision Data

There have been no reported collisions along this segment of roadway in the last five years (04-30-08 to 04-30-13).
